Monitor Well	6" or greater	X	
Test Well	less than 6"		
Test Well	6" or greater	X	
Test/Production	less than 6"		X
Test/Production	6" or greater	X	X
Public Water Supply*	(any size)	X	X
Domestic Well**			

Irrigation = Industrial

*A public water supply well serving less than 5 people or used less than 60 days a year will not need a well construction permit from the District; however, it may need to be permitted by the county.

**Refers to a well for a single family residence or single duplex.

Note: Abandonment permits are required on all public water supply wells and on all other wells 6" in diameter or greater.
